It's What We Do!

Southwest Synergy Dance is committed to the art of dance. We work hard to introduce and instill self-expression, discipline and a passion in each of our students. Whether a student is dancing for fun, or planning to enter the arts on a professional level, we are here to guide the way.

We are fully committed to providing a quality performing arts education for students of all ages in an environment that helps nurture each students individual ability, self confidence, and creativity. Not only do we strive to help students be the best dancer they can be but also the best person they can be!

Classes begin on
